Journal - Office of Legislative Counsel
Tuesday - 11 April 1967

Page 3

25X1 10. [redacted] Met with Congressman Frank Bracco (D., N.Y.) who said he was looking forward to the breakfast briefing on 20 April and I pointed out to him that transportation would be available at the South Capitol Street driveway in front of the Rayborn Building at 7:30.

25X1 11. [redacted], a former member of the ONE Board, requested that I call him. He wished to discuss with me his appearance before the House Banking and Currency Committee in his capacity as President of the Export-Import Bank. He stated that questions were eventually asked about East-West trade and the Fiat deal. Later, he was informed that the Committee would be seeking additional views from Commerce and State and possibly CIA. He was informed by the Committee of the Agency report on the Fiat deal which was incorporated in the Ashley Subcommittee report. His query to me was it possible for the Director to make further comments on the general topic of East-West trade. I indicated the background of the Fiat report appearing in the Ashley Subcommittee and indicated that the Director had no desire to write public letters on these types of issues.

25X1 [redacted] said he understood the situation but merely wanted to check.
The above was reported to the Director.

25X1 12. [redacted] Mrs. Mitchell, in the office of Senator Robert P. Griffin referred to an earlier constituent inquiry concerning [redacted]. She indicated they have a further inquiry and would like additional assistance. I advised her that [redacted] had worked on this matter and would pick up the new material tomorrow.

25X1

25X1 13. [redacted] Senator Howard Baker, Jr. (R., Tenn.) visited the Agency for a breakfast briefing. Present were: The Director, Deputy Director for Intelligence, Deputy Director for Plans, and Legislative Counsel. There was general discussion about the Agency's mission, functions, and relationships with the intelligence community and the President.

25X1 14. [redacted] Doug Baldwin, in the office of Senator Clifford P. Hansen, called and requested any assistance we could provide in giving him unclassified statistics on foreign students trained in the Soviet Union. He said he has been fairly successful in getting information from the Library of Congress and elsewhere on foreign students trained in the U.S. but wishes to make some comparisons between the U.S. and USSR and was having little success in getting the Soviet information. He is doing this in connection with the possibility of the Senator's proposing legislation to encourage an increase in U.S. training of students from some of the less developed countries. [redacted]
[redacted] ORR, is looking into this for us.
